EXPERIENCES

UI/UX & Graphic Designer (Remote)
Aug 2019 – Present

Surf Giveaways (formerly Trufan)

Handled brands like EA, Prime Gaming, GFUEL, Bud Light, and more, leading the design of campaigns and websites. Involved with different departments to solve problems and worked closely with Marketing and the CEO in early stage of the startup.

UI/UX Designer
Oct 2018 – Aug 2019

Infor

Collaborated hand-in-hand with Business Analysts and Frontend Developers to make financial and performance management software better. Designed screens and flows to improve user experience and managed the Sketch design library.

Design Specialist
Aug 2017 – Sep 2018

Freelance

Served small business owners and startup CEOs, offering a range of design services from branding and web design to UI/UX and graphics. Also handled frontend development and pitch deck design, ensuring seamless and engaging experiences.

Web Designer
Jun 2015 – Aug 2017

Bayview Technologies

Delivered designs for responsive web projects in a fast-paced team, fixed UI/UX problems, and pitched in on user experience strategy and frontend development.

UI/UX Designer
Apr 2014 – May 2015

Graftene Web Services

Led the creation of concepts, user flows, wireframes, prototypes, and interfaces for web and mobile app projects, making sure to focus on what the client needed.

Junior UI Designer
Apr 2012 – Apr 2014

Klab Cyscorpions

Involved with the Android team on UI designs for web, apps, and games. Helped out with mobile development in mobile game creation.
